DETAILED ACTION

Response to Remarks

1. The applicant has filed a terminal disclaimer to overcome the double patent rejection of claims 20-25. Claims 20-25 are now in condition for allowance.

The applicant has amended claim 1 to overcome the 112 rejection and claim 1 is now in condition for allowance.

Claims 45 and 52 were indicated as allowable in the previous office action and remain in condition for allowance.

The applicant has amended claim 54, as suggested by the examiner, to place it in condition for allowance.

Claims 2-12,14,26-39 were objected to for dependence upon their rejected base claims. These claims are now in condition for allowance.

The applicant has cancelled claims 15-19,40-44 and 53.

Claims 13 and 46-51 were previously withdrawn from consideration and the applicant asserts that they should be reinstated and indicated as allowable due to their dependencies from an allowable generic or linking claim. The examiner agrees and these claims are reinstated.

Drawings

2. The drawings are objected to because of the line quality and the margins, see 37 CFR 1.84(g) and 1.84 (p) (1) and (3). Corrected drawing sheets in compliance with 37 CFR 1.121(d) are required in reply to the Office action to avoid abandonment of the application. Any amended replacement drawing sheet should include all of the

Art Unit: 2644

figures appearing on the immediate prior version of the sheet, even if only one figure is being amended. The figure or figure number of an amended drawing should not be labeled as "amended." If a drawing figure is to be canceled, the appropriate figure must be removed from the replacement sheet, and where necessary, the remaining figures must be renumbered and appropriate changes made to the brief description of the several views of the drawings for consistency. Additional replacement sheets may be necessary to show the renumbering of the remaining figures. Each drawing sheet submitted after the filing date of an application must be labeled in the top margin as either "Replacement Sheet" or "New Sheet" pursuant to 37 CFR 1.121(d). If the changes are not accepted by the examiner, the applicant will be notified and informed of any required corrective action in the next Office action. The objection to the drawings will not be held in abeyance.

Reasons For Allowance

3. Claims 1-14, 20-39, 45-52 and 54 are allowed.

The following is an examiner's statement of reasons for allowance: The applicant has amended to overcome any rejections made in the previous office action (See Response to Remarks above).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions

should be clearly labeled "Comments on Statement of Reasons for Allowance."
